

Strategic Business Mentoring

PROFESSIONAL CONSULTATIONS

Built into a set number of strategic management meetings, our Strategic Business Mentoring consultations provide you with the practical tools to see your business vision reach its full potential.

CLEAR WRITTEN PROPOSAL

An action plan will be developed setting out and prioritising areas to be developed and includes follow up accountability and practical tools to take away to your business.

- ✓ Document your business 'vision' and set the strategic direction
- ✓ Effectively manage employee behaviours
- ✓ Earn more money, have more free time
- ✓ Build a more valuable business
- ✓ Assisting owners and managers to achieve their business objectives by working on the business

'Bringing a dream into focus takes effort, and ultimately only those who see their dream lucidly are able to seize their dream.' – John C Maxwell

EnVision Partners believes in providing long term relationships with our business customers to assist the business owner or managers to achieve the business' objectives. The delivery of the Strategic Management Mentoring Service to our customers concentrates on their businesses present and future operations.

EnVision Partners adds value by mentoring and coaching members of the management team, and providing advice and assistance on strategy improvement.

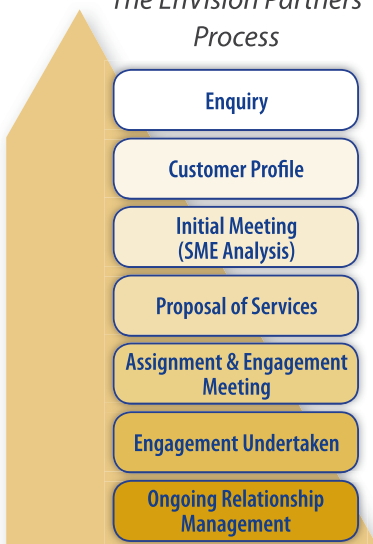

This service includes facilitation of:

- Mission, Vision & Values (MVV)
- Strategic Target
- Strategic Target KPIs
- Organisational Chart
- Business Plan
- Organisation retreat planning meetings
- Ongoing management meetings can be facilitated to ensure your strategic plan stays on track

Assisting the business owner or the management team working towards a particular objective.

Contact an EnVision Partners consultant today for a complimentary appointment to find out how we can assist your business.
